| I'm sad I won't be able to see any of the non Finnish students again  |
| I like this!  |
| This Erasmus is the best I participated in  |
| The speeches in Spanish were too long and the people that made them should have in account that the foreign students were bored (and also the spanish because they had to hear the same thing two times). So the speeches should be like the one that one of the german teachers made in the town hall. |
| More days!!!!!!!!!!!!!!   |
